

Zine Making

1st Page: The Cover – Welcome to the Future

- Create a title and design a striking cover.
- Select the materials or photos needed to make a collage

2nd & 3rd Page: Timeline – Evolution of a Robot

- Pick a robot project you currently work on or a conceptual robot from one of the previous workshops or and show how it evolved in the **next 10 years**
- Consider highlighting key improvements and innovations.
- Consider incorporating how different factors, such as society, economy, policy, etc. affect the design for HRI at a specific time
- The 2nd page: the first 5 years
- The 3rd page: the next 5 years

4th Page: Author's Note – Profile and Perspective

- Provide a brief summary of your background (e.g. your biography), highlighting your space in/perspective of Design in HRI
- Reflect your zine and provide your author's note on your zine:
What is it about? What do you hope the reader takes away from the work? What are your perspective and thoughts on the evolution of Design for HRI?

The Cover	The first 5 years	The next 5 years	Author's Note
